Start Hour	0	Broker time hh:mm)
End Hour	24	Broker time hh:mm)
Monday	True or False	
Tuesday	True or False	
Wednesday	True or False	
Thursday	True or False	
Friday	True or False	
Friday End Time	22:30	Broker time hh:mm)
===== Money managment =====		
Lot	0.01	Initial lot
Multiplier	1.2	lot multiplier for subsequent orders.
Autolot	True or False	enable/disable auto lot calculation.
Autolot size	1000	amount of the deposit, on which lot is to be used when autolot is enabled
Max lot	1	
===== Orders options =====		
Max spread	2000	0 = not use
Max buy orders	8	Maximum number of buy orders EA allow to open
Max sell orders	8	Maximum number of sell orders EA allow to open
Distance	600	Minimum distance of orders placed against the trend of the initial order
Take profit	1000	take profit in points. 0 = not use
Stop loss	0	stop loss in points. 0 = not use
Trailing Start	2000	profit in points to activate trailing stop. 0 to disable
Trailing step	600	in points. Works only if TS > 0
Overlap Last order	True or False	overlapping unprofitable orders with the last order.
Overlap last order number	7	from which order the overlapping by the last order will work in order.
Overlap percent	1	profit percentage for overlapping orders.
===== Filters options =====		
Half Trend period	2	
use RSI	True or False	
RSI period	14	
RSI Overbought	80	
RSI Oversold	20	
Use_MACD	True or False	
Macd Timeframe	Current,M5,M15,M30,H1,H4,D1,W1,MN	
Fast EMA	12	
Slow EMA	50	
Signal SMA	7	

MACD Price	1	0:Close 1:Open 2:High 3:Low 4:Median 5:Typical 6:Weighted
use Stochastic	True or False	
kperiod	8	
dperiod	3	
slowing	3	
up_level	80	the upper level, the overbought level of the Stochastic indicator.
lower_level	20	the lower level, the oversold level of the Stochastic indicator.
use MA	True or False	
Fast MA Period	7	
Fast MA Price	1	0:Simple 1:Exponential 2:Smoothed 3:Linear 4: Weighted
Slow MA Mode	0	0:Close 1:Open 2:High 3:Low 4:Median 5:Typical 6:Weighted
Slow MA Period	25	
Slow MA Price	1	0:Simple 1:Exponential 2:Smoothed 3:Linear 4: Weighted
Fast MA Mode	0	0:Close 1:Open 2:High 3:Low 4:Median 5:Typical 6:Weighted
use Parabolic SAR/CCI/...	True or False	
===== Extra options =====		
Show statistics	True or False	show/hide statistics. Buy lots/Sell lots/Buy profit/Sell profit/Free
Show buttons	True or False	enable / disable buttons for closing orders. close buy, close sell, close all, trade sell, trade buy, new cycle
Magic Number	1001	
EA comment	psc	comment pattern = psc-[lot size]
