

MA Crossover candle indicator.

2 Moving Averages where the bar turns GREEN when the EMA60 line is above the EMA300 AND the WMA60 is above the EMA300. If these conditions are not met, the price color bar will be YELLOW. The price bars are set to RED when the EMA60 is below the EMA300 AND the WMA60 is below the EMA300. If these conditions are not met then the price bar color will be YELLOW.

GREEN is UP (BULLISH) and RED is DOWN (BEARISH). YELLOW is a potential Change in Trend
