

ChinEtti Pip Collector

Extremely Powerful and Profitable Forex System with **BUY/SELL** Alerts!

(Build For MT4 Platform)

Thanks for purchasing the ChinEtti Pip Collector System.

I have developed this trading system using the most advanced, adaptive, and profitable trading (turning-point detection) algorithms on the market, powering ATR, RSX, MACD, Bollinger Bands, and Moving Average strategies.

Installation

To install ChinEtti Pip Collector System watch this [video](#). The video will show you how to install the indicators and also how to trade the strategy. In the video you will see the entry and exit strategy, just like the screenshot below.

The ChinEtti Pip Collector can be installed on any timeframe, the win rate is the same across the timeframes. Choose the timeframe suitable to your trading time. It works with all mt4 broker, and can use in any instruments. Please trade and master with demo account before going live. Use good risk money management.
