EURGBP,M5 0.88676 0.88717 0.88671 0.88712
when an order is opened
pending orders are placed according to the levels and distance established
if the first order reaches take profit, or trailing stop cancels all pending
if a pending order is opened when the BE is reached, close and delete everything
working time only applies to new orders with CCI
if the grid is active, manage until the BE is reached
buy
Buy limit
