

## EXPERT ADVISOR STRATEGY (M15) GBP/CHF

### 3 indicators :

- **EMA 200**
- **MA 50**
- William Alligator (TimeFrame M30)
  - Jaw Length 13      Jaw Offset 8
  - Teeth Length 8      Teeth Offset 5
  - Lips Length 5      Lips Offset 3

### **Positions are opened for New M15 candle**

#### **Martingale Strategy** with fixed lot

- 30 PIPS
- Position opened for each new H1 candle

### **Buy Position when :**

- **EMA 200 > MA 50**
- Jaw Length is under Teeth and Lips Length
- TP 10 PIPS
- SL : Lips Length cross **EMA 200**
- If the jaw Length is above teeth Length, the EA don't open position except for the martingale strategy

The martingale strategy continues even if there is the sell signal, both positions can be taken

### **Sell Position when :**

- **EMA 200 < MA 50**
- Jaw Length is above Teeth and Lips Length
- TP 10 PIPS
- SL : Lips Length cross **EMA 200**
- If the jaw Length is under teeth Length, the EA don't open position except for the martingale strategy

The martingale strategy continues even if there is the buy signal, both positions can be taken
