

Addition of 2 New Strategies (Monkey Shoulder EA)

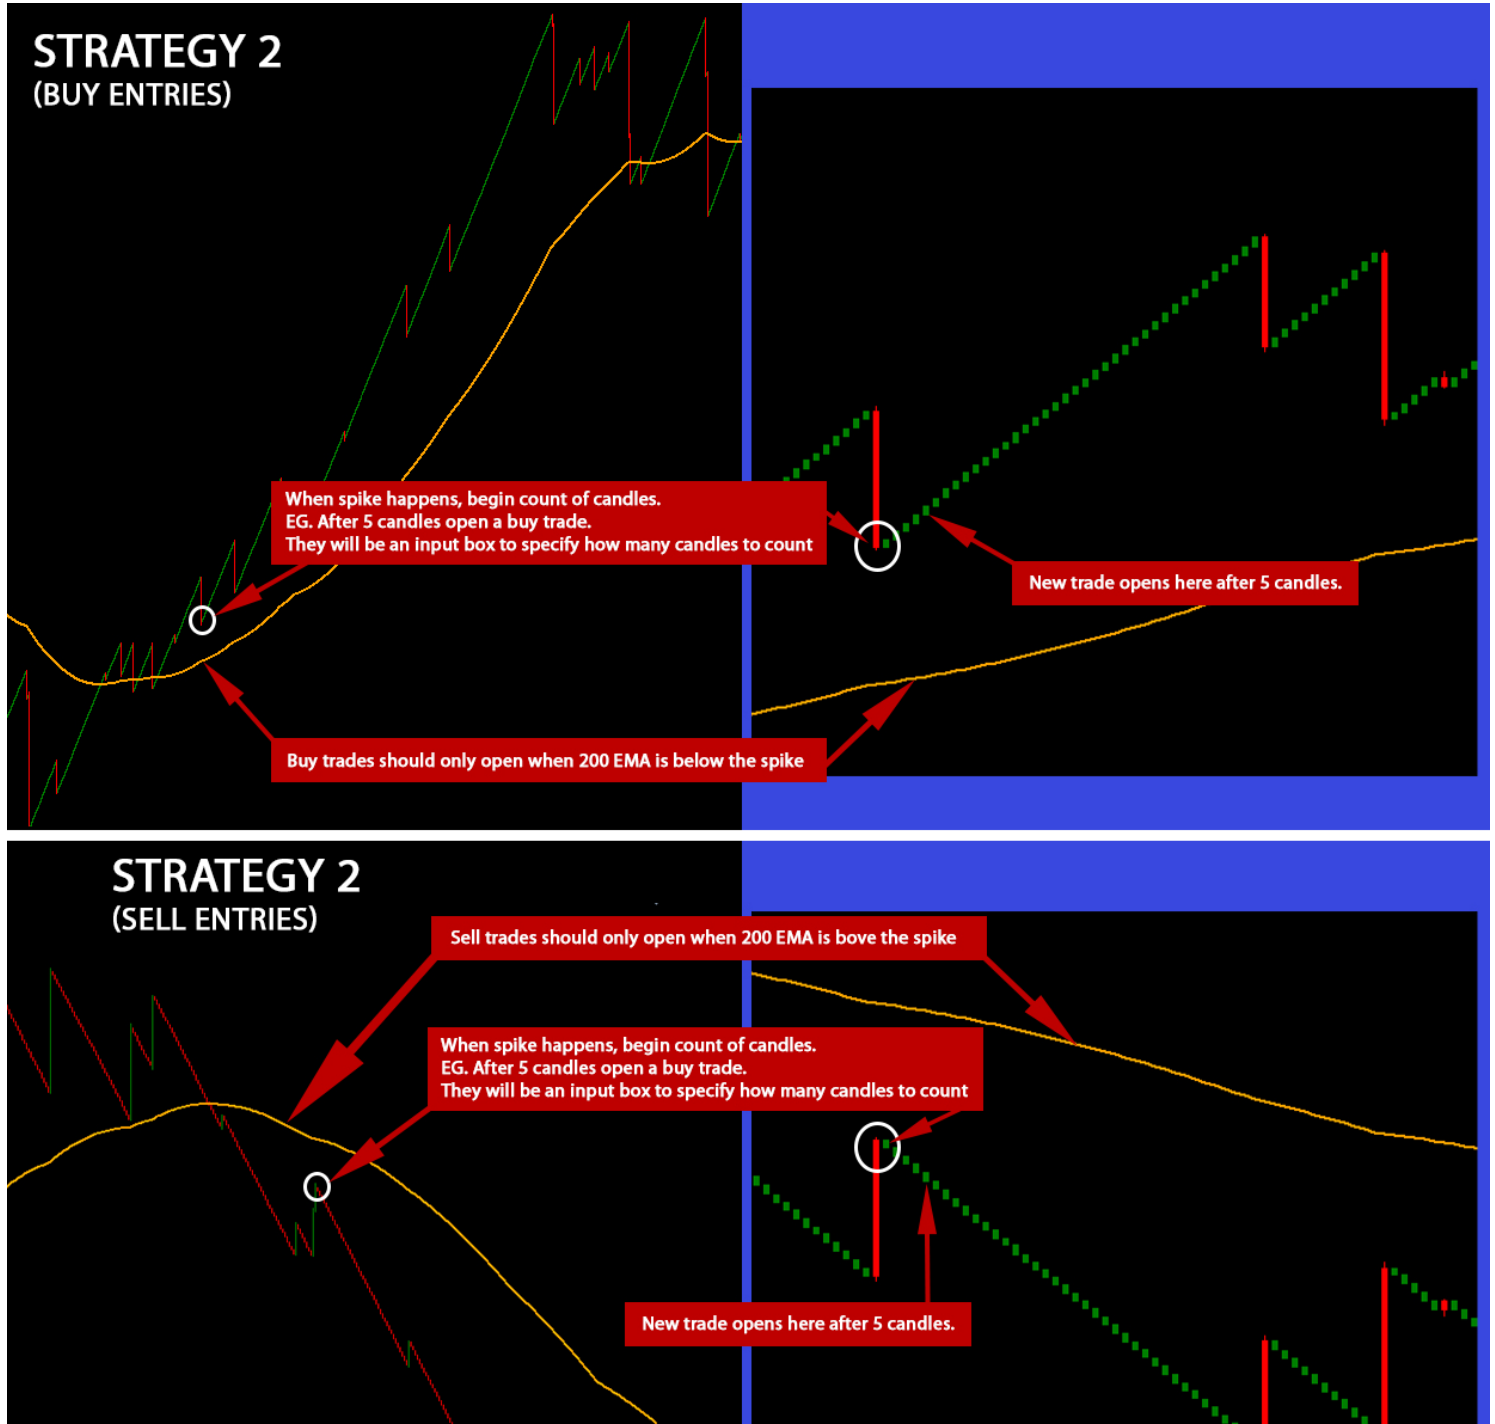

Add new dropdown input box in settings menu as following.

Settings Input (This can be the second option, after EA magic number)

Select Strategy: (S1, S2, S3)

- **Strategy 1** (This will use the current "Digi Indicator")
- **Strategy 2** (As shown in screen shots below "S2")
- **Strategy 3** (As shown in screen shots below "S3")

S2 Entry Point: 5 (After spike, this counts how many candles to wait before opening an entry)

STRATEGY 3

(BUY & SELL ENTRIES)
