NOTE

To be shown with buy and sell alert is the Magnitude of the difference of Values for Currencies from Forex Power

Difference will be value of first currency from Forex Power minus Value of second Currency from Forex Power, Always

If a financial instrument That is not made up of 2 currencies, Such as XAUUSD OR US30, Then Value of USD from Forex power is to be indicated only

To Build this new Indicator , icustoms is to be use , this helps in making the indicator faster , and MT4 terminal will not hang
