

MT4 Fractal and Inside Bar Alert Signal

Parameters (Setting Options)

Fractal Timeframe - List of MT4-available timeframes

Inside Bar Timeframe - List of MT4-available timeframes

Requirements

1. Fractal should be based on Bill Williams Fractal Signal as available on MT4
2. Send alert when a Fractal is formed on the timeframe selected in the parameter settings.
Alert should read as follows:

‘Bearish’ or ‘Bullish’ Fractal formed on ‘*selected*’ timeframe, e.g., 5M, 15M, 1H, 4H etc
(as selected in parameters)

3. Signal on Inside Bar

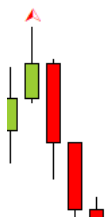

‘Bearish’ or ‘Bullish’ Inside Bar formed on ‘*selected*’ timeframe, e.g., 5M, 15M, 1H, 4H
etc (as selected in parameters)

Fractal Signal Examples
