Trail Stop Function

FX SCALPER X now has a trailing stop loss! Trailing stop loss enables us to catch huge trends. We have already caught numerous 100+ pip trades. This feature is a game changer! Enjoy :)

Lot Multiplier Removed

We now have the option to turn off lot multiplication which has significantly lowered our drawdown percentages. To stop lot size multiplication set the [Use_LotMultiplier](#) to false.

New List Of Pairs

We have expanded and upgraded the list of tradable pairs!

Here is the new list of tradable pairs: EURUSD - EURJPY - GBPUSD - GBPNZD - GBPAUD - GBPCAD - CHFJPY - NZDCHF -USDCHF - USDCAD
