

Simple Trade Copier

- > We need 2 EAs. 1 Master and 1 Slave
 - > Master will connect with all Slaves that has same magic number with Master.
 - > When Master account has a new trade, all slave accounts will open same trade with same SL / TP
 - > When Master account closes a trade, all slave accounts will close that trade at same time.
-

Master EA Inputs
Magic Number: 123

Slave EA Inputs
Magic Number: 123
Lot Type: (2 choices) Fixed and Multiple
Fixed Lot: 0.1
Multiplication Value: 0.5

If Lot Type is "Fixed", Slave EA will open all trades with 0.1 lots

If Lot Type is Multiple, all trades of Slave EA will be calculated as (Master Lot of Trade)*(0.5)

Ofcourse the valusee are example.

User will be able to run the Slave EA on several MT4 platforms.

Master and Slave Eas will work on same computer.

Slave Eas will copy all the things from Master Account (The Account that Master EA is running on)
