

Hello,

This is the HFT Prop Firms Pass.

The EA uses HFT trading to overcome the challenges of prop firms.

The EA has been tested with quantectrading and passed within 1 day.

You really need to understand HFT and know whether your prop firms allow HFT. If you don't understand, please message me for help.

I am not responsible if your account gets banned.

Important: Note that it should not be used with a real account. The EA is only for the purpose of passing the challenges of HFT prop firms. After passing the challenge and obtaining a funded account, please contact me to receive a free 3 months trial EA Diamond Scalping for use with prop firms.
