# Strategy Builder EA

MT4 | MT5

**MeetAlgo Strategy Builder EA** has more than 34+ built-in indicators that you can make more than 1 million combination strategies that boost your trading strategy. Also, this Strategy Builder offers an incredible amount of functionality. So you can test your strategy easily without knowledge of coding.

This is **All-In-One EA** in this market place. You can use as trade management type EA or use full automation. Whenever you have an idea in mind, you can make your idea with this EA without saving lots of custom development cost.

Ever heard the saying that the whole is greater than the sum of its parts. Well, Aristotle got it wrong when it comes to CAP Strategy Builder EA because the sum of its parts is greater than the whole, and this cannot be any truer when it comes to this little handy tool, because it is not only a strategy builder. It is much greater than that.
