Risk Disclosure

Trading Forex and CFDs which are leveraged products involves a substantially high level of risk. As a result of this you may lose the entire capital you have invested. Therefore you should not invest any money that as a person you cannot afford to lose or cause you financial distress. As these products may not be suitable for everyone you should ensure, prior to entering into any trades that you fully understand all the risks involved with trading in the foreign exchange markets and seek professional independent advice from a financial advisor if required.

Any research, announcements, trading systems, opinions, ideas, analysis, indicators downloaded, either paid or free of charge, or any information of any form that is included in this website is given as general market overview or commentary and therefore it does not constitute investment advice in any form. Even though we takes reasonable steps to ensure that the information provided is accurate enough in order to assist traders in making their own independent trading decisions, the accuracy of information is not guaranteed. In addition changes can occur at any time in the information without any notice given. We (the operators of www.theforexcabin.com) will not accept liability for any loss or damage, including without limitation to, any loss of profit, which may arise directly or indirectly from use of or reliance on such information.
